

Everything about our church looks different than it did last year at this time. Only a few of us can gather together at one time for Mass while the rest join us from home. We wear masks. We sanitize surfaces and our hands. We keep at least 6 feet apart.

It is September and that signals the beginning of Religious Education Classes. Those classes will also look different than they did last year. Meeting in person is not an option because of space limitations and every child would be required to have a temperature check. From the beginning, we have made a sincere effort to keep everyone safe and we will continue to do that with Religious Education Classes. We will be combining with Saint Peters and Saint Andrews to facilitate the religious education of all our children.

All classes will be offered through ZOOM. There are at least 13 free internet hotspots throughout the Eastern Shore.

Complete a registration form and return the completed form to the office before September 18th. I will be in the office on the 15th and 16th if you cannot return the form electronically, I will do it over the phone. Please have all the information available.

It is important we have all the necessary information so the classes can be set up.

PLEASE RELAY THIS INFORMATION TO ANYONE YOU KNOW WHO NEEDS TO BE REGISTERED FOR RELIGIOUS EDUCATION CLASSES!
