

# Alpha at Saint Charles Catholic Church

Cape Charles, VA 23310

## Is there more to life than this?

We spend a lot of time each day asking and answering questions: When's my next meeting? What's for dinner? But we also have bigger questions: Why am I here? Is there more to life than this? Alpha provides the space to consider some of life's bigger questions in a casual setting open to absolutely everyone. We'll meet once a week to enjoy some time of food and fellowship, listen to a talk about one of the bigger questions of life, and then discuss what we've heard in small groups.

**What is Alpha?** Alpha is a series of sessions exploring the Christian faith, running once a week for eleven weeks. Alpha is an opportunity to ask life's biggest questions in a setting open to everyone.

### Why are we offering Alpha?

Alpha gives us a chance to encounter Jesus. Whether we're meeting him for the first time or rediscovering the joy of knowing Jesus, Alpha is a place where we can all grow in our relationship with Jesus together.

### What makes Alpha different?

Alpha is not a class or curriculum, where we would go primarily to learn about something. Instead, Alpha is fundamentally about encounter with Jesus and with one another. It provides a space for honest, open conversation about some of life's biggest questions in a casual, inviting context.

### What happens at Alpha?

Each session lasts about two hours and consists of three main parts: food and fellowship, a brief video exploring one of life's big questions, and small group discussion.
